

Policy Statement

All general principles review presentations shall be setup and coordinated internally by EnviroCert (ECI).

All registration for review presentations shall be coordinated thru ECI. ECI will assign or approve Presenters/Trainers for all sponsored events

ECI will “partner” with individuals, groups, and other organizations that follow the policies and procedures established herein (PS6002.04-2020)

BACKGROUND

ECI seeks to provide high-quality, consistent review experiences for participants in its general principles review presentations. The scope of these experiences includes but is not limited to costs, registration procedures, course materials, and physical facilities as well as the presentation skills, certification-relevant experiences, and technical competence of presenters/trainers. Consolidating and clarifying the process provides consistent and uniform policies and procedures and a more positive experience for the presenters/trainers and attendees.

PURPOSE

This Policy was developed to ensure that general principles review course participants receive a high-quality review session experience. As well, this policy will provide a consistent and effective application of policy and procedures for setting up, establishing, and efficiently delivering review sessions across the US.

APPLICABILITY

This policy applies to all ECI-developed general principles review courses.

DEFINITIONS

Approved Presenter/Trainer: Any individual who is currently approved by ECI to present one or more of its general principles review courses.

Certification Exam: A series of questions designed to verify that approved applicants possess the technical and ethical knowledge required by each EnviroCert Professional Certification program. These exams are administered as an independent, closed book, timed event by others according to the ECI Proctor Policy and Procedures.

- Appropriate funding to ensure appropriate audits of policies and procedures and peer reviews are performed

History

ECI has previously permitted presenters/trainers, organizations, and businesses to independently conduct review sessions. This led to a large variation in attendee experience with the review events.

ECI has assumed all responsibility for the presentation events to provide a consistent and uniform set of procedures to make the process simple and straightforward for the presenters/trainers and applicants.

Updates

This policy should be reviewed annually by the Professional Standards Committee and revised as necessary.

Funds shall be allocated to allow for Peer Reviews by a designated member(s), per the Professional Standards Committee to assess policies and procedures. The Board will allocate funds and ensure that the Committee, or their appointed representative(s), perform(s) the necessary steps to ensure conformance with this policy and the application of the procedures by all parties.

The results of the policy review should be presented in a formal report to the Board of Directors independent of the Executive Director's report.

The Executive Director shall present a formal report to the Board of Directors annually. The report should include, but is not limited to, a discussion of current staff procedures, issues, problems, and positive undertakings.

Procedures

All presentation registration and coordination shall be performed and facilitated through ECI. ECI will arrange and coordinate review sessions, which will include selection of presenters/trainers, as established herein.

ECI may at its sole discretion enter into "partnering" agreements with approved presenters/trainers. These agreements provide a one-time license to conduct a general principles review course at a location, date and time mutually agreed upon under the terms of the Host Agreement and this Policy (PS6002).

ECI Review and Host agreements may be withdrawn or revoked by ECI at any time with or without cause. At the Board discretion, ECI may accept the other Host agreements in lieu of the EnviroCert agreement.

ECI will maintain a current list of all presenters/trainers and organizations that are approved to provide review sessions. That list shall be continuously updated by ECI.

This policy does not address or in any way influence presenter/trainer approval, which will be performed under a separate policy.

Presenters/Trainers, groups, or organizations are no longer permitted to set up or register applicants for review sessions.

Presenters/Trainers are encouraged to maintain a working knowledge of this policy and procedures, as well as any updates provided by ECI.

Any presenter/trainer, group, or organization found to be subverting this policy, in any manner, will be subject to disciplinary action as determined solely by the Board of Directors, which can range from verbal warnings to removal of their certification and corresponding privileges granted by ECI.
